

Mary will you take this Baby Boy

Mary will you take this baby boy
Mary will you take this baby boy
Will you fill the world with love and joy
Will you take this baby boy

Mary will you go to the little town
Mary will you go to the little town
Will you find a manger to lay Him down
Will you go to the little town

Mary will you show your little son
Mary will you show your little son
To the kings on whom the star has shone
Will you show your little son

Mary will you tell him we love him so
Mary will you tell him we love him so
Will you tell him we would like to show
That we love him, love him so.
